

CROPPING AND SUCCESSION TIMELINES

2012		In flats												Growing			Harvest		
Month	Jan	Feb	Mar	Apr	May	June	July	August	Sept	Oct	Nov	Dec							
Week date (Sunday)			4 11 18 25	1 8 15 22 29	6 13 20 27	3 10 17 24	1 8 15 22 29	5 12 19 26	2 9 16 23 30	7 14 21 28	4 11 18 25	2 9 16 23 30							
Field/Row																			
basil (Genovese, and Cinnamon (65 days))	[Timeline grid with red bars]																		
beans (Tavera, successions)	[Timeline grid with red bars]																		
beans s. 1	[Timeline grid with red bars]																		
beans s. 2	[Timeline grid with red bars]																		
beans s. 3	[Timeline grid with red bars]																		
beans s. 4	[Timeline grid with red bars]																		
beets--bull's blood	[Timeline grid with red bars]																		
beet s. 1	[Timeline grid with red bars]																		
beet s. 2	[Timeline grid with red bars]																		
beet s. 3	[Timeline grid with red bars]																		
beet s. 4	[Timeline grid with red bars]																		
beet s. 5	[Timeline grid with red bars]																		
beet s. 6	[Timeline grid with red bars]																		
beet s. 7	[Timeline grid with red bars]																		
beets--touchstone gold and Red Ace (both 55 days)	[Timeline grid with red bars]																		
beet s. 1	[Timeline grid with red bars]																		
beet s. 2	[Timeline grid with red bars]																		
beet s. 3	[Timeline grid with red bars]																		
beet s. 4	[Timeline grid with red bars]																		
beet s. 5	[Timeline grid with red bars]																		
beet s. 6	[Timeline grid with red bars]																		
beet s. 7	[Timeline grid with red bars]																		
beets--Merlin (48 days)	[Timeline grid with red bars]																		
beet s. 1	[Timeline grid with red bars]																		
beet s. 2	[Timeline grid with red bars]																		
beet s. 3	[Timeline grid with red bars]																		
beet s. 4	[Timeline grid with red bars]																		
beet s. 5	[Timeline grid with red bars]																		
beet s. 6	[Timeline grid with red bars]																		
beet s. 7	[Timeline grid with red bars]																		
chard (transplants--first set, purchased these)	[Timeline grid with red bars]																		
chard (direct seeded, Rainbow Mix, Rhubarb Ruby Red)	[Timeline grid with red bars]																		
cilantro	[Timeline grid with red bars]																		
cilantro s. 1	[Timeline grid with red bars]																		
cilantro s. 2	[Timeline grid with red bars]																		
cilantro s. 3	[Timeline grid with red bars]																		
cilantro s. 4	[Timeline grid with red bars]																		
cilantro s. 5	[Timeline grid with red bars]																		
collards (Champion)	[Timeline grid with red bars]																		
cucumber, lemon	[Timeline grid with red bars]																		
cucumber, lemon s1	[Timeline grid with red bars]																		
cucumber, lemon s2	[Timeline grid with red bars]																		
cucumber, Marketmore	[Timeline grid with red bars]																		
cucumber, Marketmore s1	[Timeline grid with red bars]																		
cucumber, Marketmore s2	[Timeline grid with red bars]																		
garlic	[Timeline grid with red bars]																		
kale-Ripbro, Lacinato, Red Russian (60), Rainbow (61)	[Timeline grid with red bars]																		
kale (our our seedlings)	[Timeline grid with red bars]																		
kale, our seedlings for second half of season	[Timeline grid with red bars]																		
Lettuce (ridgeline, plus Roxy (60 days), Concept (51))	[Timeline grid with red bars]																		
Lettuce (ridgeline), s1	[Timeline grid with red bars]																		
Lettuce (ridgeline), s2	[Timeline grid with red bars]																		
Lettuce (ridgeline), s3	[Timeline grid with red bars]																		
Lettuce (ridgeline), s4	[Timeline grid with red bars]																		
Lettuce (ridgeline), s5	[Timeline grid with red bars]																		
Lettuce (ridgeline), s6	[Timeline grid with red bars]																		
Lettuce (ridgeline), s7	[Timeline grid with red bars]																		
Lettuce (ridgeline), s8	[Timeline grid with red bars]																		
Lettuce (ridgeline), s9	[Timeline grid with red bars]																		
Lettuce (ridgeline), s10	[Timeline grid with red bars]																		
mustard greens (red giant)	[Timeline grid with red bars]																		
mustard s1	[Timeline grid with red bars]																		
mustard s2	[Timeline grid with red bars]																		
onions, bulb, red baron	[Timeline grid with red bars]																		
onions, bulb, stuttgarter	[Timeline grid with red bars]																		
onions, bulb, white ebenezer	[Timeline grid with red bars]																		
peppers, hot, jalepeno	[Timeline grid with red bars]																		
peppers, hot, habenero	[Timeline grid with red bars]																		
peppers, hot, serrano	[Timeline grid with red bars]																		
peppers, hot, matchbox chili	[Timeline grid with red bars]																		
peppers, sweet, Olympus	[Timeline grid with red bars]																		
Peppers, sweet, Cubanelle	[Timeline grid with red bars]																		
peppers, sweet, ancho/pablano	[Timeline grid with red bars]																		
potatoes (adirondack red)	[Timeline grid with red bars]																		
potatoes (purple viking)	[Timeline grid with red bars]																		
snow peas	[Timeline grid with red bars]																		
tomatillos	[Timeline grid with red bars]																		
tomatoes, heirloom, brandywine	[Timeline grid with red bars]																		
tomatoes, heirloom, Cherokee Purple	[Timeline grid with red bars]																		
tomatoes, heirloom, Moskovich	[Timeline grid with red bars]																		
tomatoes, paste, San Marzano	[Timeline grid with red bars]
